Full-day learning is an investment in our future.

Establishing a strong foundation in the early years will give Ontario's four- and five-year-olds a stronger start on their learning. It will help improve their reading, writing and math skills, provide a smoother transition to Grade 1 and help increase their success in school and beyond.

Full-day learning will give our kids the tools they need to succeed and help build a stronger Ontario for us all.

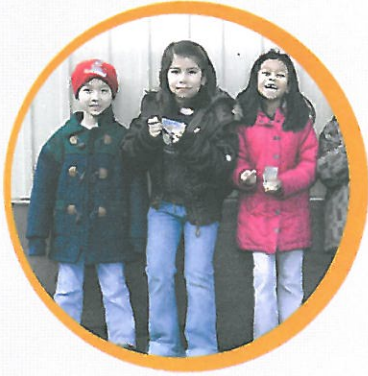

Ask at the school office
for more information on
full-day learning and fall registration.
